

MUST-HAVE CONSUMABLES

OnHand is an extensive brand of hand care products. A premium quality range, including next generation Glove protection along with day to day Gloves, Hand Cleaners and Hand Protection.
The OnHand range has a modern design & has a complete range of applicators & dispensers.

- Powder & latex free, 100% nitrile
- More puncture resistant than latex or vinyl
- No natural rubber proteins
- High tensile strength
- Beaded cuff for ease of donning
- Class 1 medical grade (EN 455) & food contact approved (EN 1186)

- 100% latex and powder free
- Micro-textured for improved grip
- Heavier in weight than standard nitrile Gloves but retaining a high level of dexterity
- Beaded cuff for ease of donning
- Higher tensile strength
- Class 1 medical grade (EN 455) & food contact approved (EN 1186)
- Approved to EN374-2 & EN374-3
- PPE Cat 111

- Offers extra protection and greater comfort over and above traditional nitrile Gloves
- Increased puncture resistance even in the most challenging applications
- Outstanding grip properties through all-over textured pattern
- Cost effective alternative to single-use nitrile Gloves
- 100% latex & powder free

Due to the worldwide high demand for Gloves, those on offer from PartsPlus may differ from those detailed in this brochure. Please contact your PartsPlus Centre for the latest product and price details.

Bondloc – 25 Years in Adhesive Manufacturing

Anaerobic Adhesives cure only in the absence of air and in the presence of metal. They are designed to form a tough durable polymer with excellent chemical & environmental resistance properties.

Polyurethane Adhesive '1 & 3 Minute'

865802 - 865803

Room temperature setting polyurethane Adhesive system. This sandable Adhesive system has an excellent adhesion to a wide variety of surfaces.

For bonding aluminium, stainless steel, ABS, PVC, polyurethane, composites, thermoplastics, thermosetting plastics, wood, glass and concrete.

Epoxy Resin

865800

A steel-filled epoxy putty for general maintenance & repairs. For filling, rebuilding and bonding metal surfaces can be used to repair worn or fatigued metals, patch castings, making jigs and fixtures, Rebuild Pumps and Valve Bodies and Restore Bearing Journals & Races.

Plastic Primer

865862

Makes polyolefine and other low energy surfaces suitable for bonding with Bondloc cyanoacrylate adhesive. Recommended for difficult to bond substrates which include PE, PP, Silicone Rubber & TPU.
